

APPENDIX A
2023 ANNUAL REPORT INVENTORY

La Mesa Police Department Military Equipment Inventory

Item	Item Category	Item Name	Item Description	Quantity	Capabilities	Purchase Cost	Purpose/Use	Authorized Use/Training Required	Expected Lifespan	Annual Cost
1	Category 1 / Unmanned Aircraft System (UAV/Drone)	Skydio 2	The Skydio 2 is a commercial-grade UAV (Unmanned Aerial Vehicle) / Drone. This is a battery powered, remote operated vehicle.	2	Capable of providing live and recorded video images captured from aerial positions.	Cost per unit/\$1418.09	To be deployed when its view would assist officers or incident commanders with tactical or other public safety and life preservation missions.	Only authorized operators that have been fully trained and acquire FAA certification are allowed to pilot this vehicle.	5-10 years	100-500
2	Category 1 / Unmanned Aircraft System (UAV/Drone)	Autel	The EVO II is a commercial-grade UAV (Unmanned Aerial Vehicle) / Drone. It is a battery powered, remote operated vehicle.	1	Capable of providing live and recorded video images captured from aerial positions.	Cost \$9648.04	To be deployed when its view would assist officers or incident commanders with tactical or other public safety and life preservation missions.	Only authorized operators that have been fully trained and acquire FAA certification are allowed to pilot this vehicle.	5-10 years	100-500
3	Category 2/ Armored Personnel Carrier	Lenco BearCat	The Lenco BearCat is an armored vehicle designed to provide protection during rescues and tactical events.	1	Capable of transporting personnel and equipment while providing them with armored protection from gunfire. It is designed to withstand multiple bullet strikes from small arms fire as well as low level explosions.	UASI Grant \$297,367	To rescue police and civilian individuals from dangerous scenes and move personnel and /or resources in support of tactical operations in which there is reason to expect potential armed resistance requiring protection. Also to enhance officer and community safety, improve scene containment and stabilization, and assist in resolving critical incidents.	Only La Mesa Police operators that have been trained in the operation of the BearCat are allowed to drive this vehicle.	20 Yrs.	\$1500-2000
4	Category 1/ Robot	LT2-F Tactical Support Robot	Tactical Robot/Unmanned, remotely piloted, powered ground vehicle.	1	This equipment is a battery powered, remote operated device. Equipped with two cameras and two-way radio capabilities.	\$28,000	Increases safety to the community and officers by allowing operators to remotely gain visual/audio data, deliver crisis negotiations phones, open doors, disrupt packages, and clear buildings without putting an officer or civilian in harm's way.	Only trained La Mesa Police operators are allowed to use this robot.	Appr. 15 years	None

APPENDIX A
2023 ANNUAL REPORT INVENTORY

5	Category 1/ Robot	Avatar	Tactical Robot/Unmanned, remotely piloted, powered ground vehicle.	1	This equipment is a battery powered, remote operated device. Equipped with two cameras and two-way radio capabilities.	Cost \$14,350	Increases safety to the community and officers by allowing operators to remotely gain visual/audio data, deliver crisis negotiations phones, open doors, disrupt packages, and clear buildings without putting an officer or civilian in harm's way	Only trained La Mesa Police operators are allowed to use this robot.	Appr. 15 years	There has been one repair which came to \$2000
6	Category 5/ Command and Control Vehicles	Mobile Command Vehicle (MCV)	2014 Dodge Ram 3500 ProMaster	1	The MCV is equipped with communication and tactical planning equipment and is capable of being used as a mobile operations command and dispatch center. The vehicle is also capable of transporting personnel and equipment to and from incident scenes.	\$100,000	This vehicle is used based on the specific circumstances of a given critical incident, large event, natural disaster or community event that is taking place.	Only assigned personnel are allowed to drive and operate the Mobile Command Vehicle.	20 years	Annual maintained cost of approx. \$2500
7	Category 7/ Breaching Apparatus/ Slugs	Shotgun Breaching Rounds / Royal Arms and CTS 2570	Shotgun breaching rounds are specialty shotgun shells utilized for door breaching.	82	Designed to breach heavy locks, dead-bolts, and hinges mounted inside of solid oak or steel doors.	Cost per unit \$4.14	To safely gain entry into a structure.	Only specially trained La Mesa Police operators are allowed to use the CTS 2570 round. Breaching tools that are explosive in nature can be deployed any time operators determine that it is tactically necessary to safely complete a lawful breaching, and then only when non-explosive breaching methods are not practical. Explosive breaching may only occur in the field or during training exercises after authorization by the Incident Commander or SRT Commander.	Until expended	None

APPENDIX A
2023 ANNUAL REPORT INVENTORY

8	Category 12/ PepperBall Launcher	PepperBall/ Tac 700/Launchers	A system that uses high pressure air to deliver projectiles (similar to a paint ball delivery system).	4	Launches less lethal munitions up to 150 feet. Munitions open upon impact and can disperse oleoresin capsicum (OC) powder or water that cause irritation upon contact or inhalation. Other munitions are simply projectiles utilized as a less lethal impact tool.	Cost per unit \$600.00	The PepperBall Launcher is a less lethal use of force option and limits the escalation of conflict where employment of lethal force is prohibited or undersirable.	Only La Mesa Police officers who are trained on the use of the PepperBall Launcher are authorized to deploy it. It is authorized for use only in situations where the use of force is authorized per Department policy, including but not limited to: to subdue dangerous and/or combative individuals to obtain a tactical advantage; protection from vicious animals; training exercises; and approved demonstrations. The PepperBall Launcher may only be deployed to disperse any assembly, protest, or demonstration in strict accordance with AB 48 and Department policy.	No Expiration	None
9	Category 12/ PepperBall Launcher	PepperBall Live Projectile	The basic PepperBall projectile with 2% pepper powder	1475	Discharged from the PepperBall launcher, the projectile will break on impact and release 2% PAVA pepper powder. It is designed for direct impact and area saturation, especially in confined, interior spaces. The projectile has a velocity of 280-350 FPS. The direct impact is 60ft and an area of saturation of 150ft. It also contains 0.5% PAVA Powder.8230.	Cost per unit/ \$3420.00 per 1500 rounds	The PepperBall Launcher is a less lethal use of force option and limits the escalation of conflict where employment of lethal force is prohibited or undersirable.	Only La Mesa Police officers who are trained on the use of the PepperBall Launcher are authorized to deploy it. It is authorized for use only in situations where the use of force is authorized per Department policy, including but not limited to: to subdue dangerous and/or combative individuals to obtain a tactical advantage; protection from vicious animals; training exercises; and approved demonstrations. The PepperBall Launcher may only be deployed to disperse any assembly, protest, or demonstration in strict accordance with AB 48 and Department policy.	1 Year	None

APPENDIX A
2023 ANNUAL REPORT INVENTORY

10	Category 12/ PepperBall Launcher	PepperBall Inert Projectile	This is a PepperBall practice projectile.	1800 rounds	Discharged from the PepperBall launcher, the projectile will break on impact, and is designed for training purposes, or when chemical exposure is not desired or required. Inside is a non toxic white power.	Cost per unit/ \$99.95 for 375 rounds	The PepperBall Launcher is a less lethal use of force option and limits the escalation of conflict where employment of lethal force is prohibited or undesirable.	Only La Mesa Police officers who are trained on the use of the PepperBall Launcher are authorized to deploy it. It is authorized for use only in situations where the use of force is authorized per Department policy, including but not limited to: to subdue dangerous and/or combative individuals to obtain a tactical advantage; protection from vicious animals; training exercises; and approved demonstrations. The PepperBall Launcher may only be deployed to disperse any assembly, protest, or demonstration in strict accordance with AB 48 and Department policy.	1 Year	None
11	Category 12/Flashbangs	CTS 7290 Flash Bang	A Noise Flash Diversionary Device (NFDD) is a device that creates a bright flash and loud sound to temporarily divert the attention of subjects in the immediate area.	77	Capable of creating visual and auditory distractions during tactical operations which allows for tactical advantage during high-risk situations.	Cost per unit/ \$48.00	NFDD's are used to distract and temporarily disorient dangerous suspects by overwhelming their senses of vision and hearing. The distraction allows officers to seize a moment of opportunity to safely resolve critical situations during high-risk tactical operations.	Only specially trained La Mesa Police operators are authorized to deploy flashbang devices.	5 Yrs.	None
12	Category 12/Tear Gas	OC-Oleoresin Capsicum 5440 Flameless Expulsion	Pyrotechnic grenade/non-lethal tool.	32	Pyrotechnic grenade that discharges a high volume of OC through multiple emission ports designed mostly for indoor use, but can be deployed outside. OC is an inflammatory agent which causes involuntary closure of the eyes (open in 2-5 min) and respiratory inflammation (subsides in approximately 2 min.)	Cost per unit/ \$36.73	A non lethal use of force option used to limit the escalation of conflict and safely resolve critical situations.	Only specially trained La Mesa Police operators who have received POST certification in the use of chemical agents are authorized to use chemical agents. Chemical agents may only be deployed to disperse any assembly, protest, or demonstration in strict accordance with AB 48 and Department policy.	N/A	N/A

APPENDIX A
2023 ANNUAL REPORT INVENTORY

13	Category 12/Tear Gas	5230B CS-Chlorobenzyliden emalononitrile	Pyrotechnic grenade/non-lethal tool.	86	Pyrotechnic grenade designed for indoor use delivering a maximum amount of irritant smoke throughout multiple rooms with minimal risk of fire. CS is an irritating agent and lachrymator (irritates the eyes and causes tears to flow).	Cost per unit/ \$36.74	A non lethal use of force option used to limit the escalation of conflict and safely resolve critical situations.	Only specially trained La Mea Police operators who have received POST certification in the use of chemical agents are authorized to use chemical agents. Chemical agents may only be deployed to disperse any assembly, protest, or demonstration in strict accordance with AB 48 and Department policy.	5 Yrs.	None
14	Category 12/ Tear Gas	6230 CS-Chlorobenzyliden emalononitrile	Pyrotechnic grenade/non-lethal tool.	93	Pyrotechnic canister grenade emitting smoke through multiple emission ports for 30 to 40 seconds. May be launched or hand thrown. CS is an irritating agent and lachrymator (irritates the eyes and causes tears to flow).	Cost per unit/ \$26.50	A non lethal use of force option used to limit the escalation of conflict and safely resolve critical situations.	Only specially trained La Mea Police operators who have received POST certification in the use of chemical agents are authorized to use chemical agents. Chemical agents may only be deployed to disperse any assembly, protest, or demonstration in strict accordance with AB 48 and Department policy.	5 Yrs.	None
15	Category 12/ Tear Gas	8230 CS-Chlorobenzyliden emalononitrile	The smallest diameter burning grenade/ non-lethal tool.	90	Specifically for outdoor use. Can be hand thrown or launched. CS is an irritating agent and lachrymator (irritates the eyes and causes tears to flow).	Cost per unit/ \$21.38	A non lethal use of force option used to limit the escalation of conflict and safely resolve critical situations.	Only specially trained La Mea Police operators who have received POST certification in the use of chemical agents are authorized to use chemical agents. Chemical agents may only be deployed to disperse any assembly, protest, or demonstration in strict accordance with AB 48 and Department policy.	5 Yrs.	None
16	Category 12/Tear Gas	2430 CTS 12 ga. cartridge (shotgun) CS Chlorobenzyliden emalononitrile	12 gauge Shotgun Cartridge/ 1.5 grams CS Powder	191	Powder or liquid filled, non-burning, fin-stabilized rounds designed to penetrate light to intermediate barriers such as windows and hollow core doors. The projectiles break upon impact and deliver agent payloads of powder or liquid throughout the adjacent target area. CS is an irritating agent and lachrymator (irritates the eyes and causes tears to flow).	Cost per unit/ \$9.00	A non lethal use of force option used to limit the escalation of conflict and safely resolve critical situations.	Only specially trained La Mea Police operators who have received POST certification in the use of chemical agents are authorized to use chemical agents. Chemical agents may only be deployed to disperse any assembly, protest, or demonstration in strict accordance with AB 48 and Department policy.	5 Yrs.	None

APPENDIX A
2023 ANNUAL REPORT INVENTORY

17	Category 12/ Tear Gas	4431 CTS 40 mm CS-Chlorobenzyliden emalononitrile	40 MM projectile 6 grams CS Powder Barricade	101	Kinetic Energy Munition used as a less lethal use of force option.	Cost per unit/ \$29.00	A non lethal use of force option used to limit the escalation of conflict and safely resolve critical situations.	Only specially trained La Mea Police operators who have received POST certification in the use of chemical agents are authorized to use chemical agents. Chemical agents may only be deployed to disperse any assembly, protest, or demonstration in strict accordance with AB 48 and Department policy.	5 Yrs.	None
18	Category 12/Tear Gas	5230 CTS CS-Chlorobenzyliden emalononitrile	Pyrotechnic grenade/non-lethal tool.	4	The largest diameter burning grenade that discharges a high volume of smoke and chemical agent through multiple emission ports. Specifically for outdoor use. Can be hand thrown or launched. CS is an irritating agent and lachrymator (irritates the eyes and causes tears to flow).	Cost per unit/ \$35.00	A non lethal use of force option used to limit the escalation of conflict and safely resolve critical situations.	Only specially trained La Mea Police operators who have received POST certification in the use of chemical agents are authorized to use chemical agents. Chemical agents may only be deployed to disperse any assembly, protest, or demonstration in strict accordance with AB 48 and Department policy.	5 Yrs.	None
19	Category 12/ Tear Gas	3230 CTS CS-Chlorobenzyliden emalononitrile	37MM CS Smoke Projectile/ non-lethal tool.	47	A short range CS cartridge delivering a single munition. Used outdoors, it will disperse crowds, deny areas and prevent violence. CS is an irritating agent and lachrymator (irritates the eyes and causes tears to flow).	Cost per unit/ \$8.98	A non lethal use of force option used to limit the escalation of conflict and safely resolve critical situations.	Only specially trained La Mea Police operators who have received POST certification in the use of chemical agents are authorized to use chemical agents. Chemical agents may only be deployed to disperse any assembly, protest, or demonstration in strict accordance with AB 48 and Department policy.	5 Yrs.	None
20	Category 12/ Tear Gas	3430 CS Muzzle Blast	37MM CS Smoke Projectile/ non-lethal tool.	30	A short range CS cartridge delivering a single munition. Used outdoors, it will disperse crowds, deny areas and prevent violence. CS is an irritating agent and lachrymator (irritates the eyes and causes tears to flow).	Cost per unit/ \$8.98	A non lethal use of force option used to limit the escalation of conflict and safely resolve critical situations.	Only specially trained La Mea Police operators who have received POST certification in the use of chemical agents are authorized to use chemical agents. Chemical agents may only be deployed to disperse any assembly, protest, or demonstration in strict accordance with AB 48 and Department policy.	5 Yrs.	None

APPENDIX A
2023 ANNUAL REPORT INVENTORY

21	Category 12/ Tear Gas	3440 OC Muzzle Blast	37MM OC Smoke Projectile/ non-lethal tool.	15	A short range OC cartridge delivering a single munition. Used outdoors, it will disperse crowds, deny areas and prevent violence. OC is an inflammatory agent which causes involuntary closure of the eyes (open in 2-5 min) and respiratory inflammation (subsides in approximately 2 min.)	Cost per unit/ \$8.98	A non lethal use of force option used to limit the escalation of conflict and safely resolve critical situations.	Only specially trained La Mea Police operators who have received POST certification in the use of chemical agents are authorized to use chemical agents. Chemical agents may only be deployed to disperse any assembly, protest, or demonstration in strict accordance with AB 48 and Department policy.	5 Yrs.	None
22	Category 12/ Tear Gas	4630 CS Muzzle Blast	40MM CS Smoke Projectile/ non-lethal tool.	23	A short range CS cartridge delivering a single munition. Used outdoors, it will disperse crowds, deny areas and prevent violence. CS is an irritating agent and lachrymator (irritates the eyes and causes tears to flow).	Cost per unit/ \$29.00	A non lethal use of force option used to limit the escalation of conflict and safely resolve critical situations.	Only specially trained La Mea Police operators who have received POST certification in the use of chemical agents are authorized to use chemical agents. Chemical agents may only be deployed to disperse any assembly, protest, or demonstration in strict accordance with AB 48 and Department policy.	5 Yrs.	None
23	Category 12/ Tear Gas	5099 MK-9 Magnum Stream OC Aerosol	12 oz. Aerosol canister/ OC Pepper Spray/ non-lethal tool.	8	Aerosol that is equipped with a trigger handle and will deliver short burst of OC at an effective range of 18-20 feet. OC is an inflammatory agent which causes involuntary closure of the eyes (open in 2-5 min) and respiratory inflammation (subsides in approximately 2 min.)	Cost per unit/ \$49.95	A non lethal use of force option used to limit the escalation of conflict and safely resolve critical situations.	Only specially trained La Mea Police operators who have received POST certification in the use of chemical agents are authorized to use chemical agents. Chemical agents may only be deployed to disperse any assembly, protest, or demonstration in strict accordance with AB 48 and Department policy.	5 Yrs.	None
24	Category 10/ Specialized Firearms and Ammunition	Speer LE Gold Dot Ammunition	.223 Rem. 62 grain cartridge for duty rifles and range training	20,500 rounds	The Speer LE Gold Dot cartridge is ammunition deployed during potential lethal encounters at long distances. This 62 grain projectile is designed to maintain accuracy at long distances. 12,000 rounds are used for range qualifications and training.	Cost per box of 500 rounds/ \$288.00	To be used with the all 223. cal. Assault rifle precision weapons to address a threat with more precision and/ or greater distances than a handgun, if present or feasible. It is only deployed in situations where lethal force is authorized.	Only specially trained La Mesa Police operators/police officers are authorized to use this ammunition. Required training includes: CA POST certified rifle course or CA POST certified SWAT training, and regular qualifications as required by law and department policy.	Until expended	None

APPENDIX A
2023 ANNUAL REPORT INVENTORY

25	Category 10/ Specialized Firearms and Ammunition	Colt M-4 Rifle	This rifle is a firearm, capable of accurately stopping an armed subject at various distances. The Carbine rifle is a lightweight, air-cooled, gas operated, magazine fed, shoulder fired weapon, designed for semi-automatic, selective fire (full auto).	14	The Colt M-4 is capable of firing a 5.56mm projectile bullet. Ammunition: Speer LE Gold Dot .223 Rem. 62 grain cartridge.	Cost per unit \$2,011.78	This rifle is only authorized for use by specially trained La Mesa Police Special Response Team operators in situations where lethal force is authorized by law and department policy.	Only specially trained La Mesa Police operators are authorized to use this rifle. Required training includes: CA POST certified rifle course, CA POST certified SWAT training, and regular qualifications as required by law and department policy.	No expiration / rifle will need to be replaced if and when it becomes unserviceable.	Varies/ maintenance is conducted by departmental staff.
26	Category 10/ Specialized Firearms and Ammunition	Hornady .308 WIN. 168 Grain	ELD Match Tap Percision cartridge ammunition	2000 rounds	The Hornady .308 168 grain, ELD Match Tap Precision cartridge is ammunition deployed during potential lethal encounters at long distances. This 168 grain projectile is designed to maintain accuracy at long distances.	Per Order of 2000 rounds \$1958.87	To be used with the Remington .308 precision weapon to address a threat with more precision and/or greater distances than a handgun, if present or feasible. It is only deployed in situations where lethal force is authorized.	Only specially trained La Mesa Police operators are allowed to operate with this ammunition. Operators must successfully complete the CA Post certified Sniper Rifle Course as well as regular department presented training and qualifications as required by law and department policy.	Until expended	None
27	Category 10/ Specialized Firearms and Ammunition	Daniel Defense M-4 Rifle	The carbine rifle is a lightweight, air-cooled, gas operated, magazine fed, shoulder fired firearm, designed for semi-automatic, selective fire (full auto).	12	The Daniel Defense M-4 is capable of firing a 5.56mm projectile bullet. Ammunition: Speer LE Gold Dot .223 Rem. 62 grain cartridge.	Cost per unit/ \$2795.84	This rifle is only authorized for use by specially trained La Mesa Police Special Response Team operators in situations where lethal force is authorized by law and department policy.	Only specially trained La Mesa Police operators are authorized to use this rifle. Required training includes: CA POST certified rifle course, CA POST certified SWAT training, and regular qualifications as required by law and department policy.	No expiration / rifle will need to be replaced if and when it becomes unserviceable.	Varies; maintenance is conducted by department staff.
28	Category 10/ Specialized Firearms and Ammunition	Remington .308 Rifle/	The Remington .308 700 Bolt Action Rifle has a 26" heavy barrel with an aluminum block bedded in its stock. It is a manually operated bolt action with 2 forward dual-opposed lugs. The bolt face is recessed, fully enclosing the base of the cartridge. The extractor is a C-clip sitting within the bolt face. The ejector is a plunger on the bolt face actuated by a coil spring. The bolt is a 3-piece construction, brazed together (Head, body and bolt handle). The receiver is milled from round cross section steel.	4	The Remington 700 Bolt Action rifle is capable of firing a .308 projectile bullet. The Hornady .308 168 grain, ELD Match Tap Precision	Cost per unit/ \$800.00	To be used as a precision weapon to address a threat with more precision and/or greater distances than a handgun, if present or feasible. It is only deployed in situations where lethal force is authorized.	Only specially trained La Mesa Police operators are allowed to operate this weapon. Operators must successfully complete the CA Post certified Sniper Rifle Course as well as regular department presented training and qualifications as required by law and department policy.	Appr. 15 years	N/A

APPENDIX A
2023 ANNUAL REPORT INVENTORY

29	Category 13/LRAD/ M. Aid	Long Range Acoustic Device	The LRAD system is a type of Acoustic Hailing Device (AHD) used to send public announcement messages over long distances. **This item is included in the event that the La Mesa Police Department borrows and operates an LRAD owned by another agency.***	0	LRAD systems produce much higher sound levels (volume) than normal loudspeakers or megaphones and can send public announcement messages clearly over long distances.	N/A	The device is used as a public announcement system to deliver dispersal orders or other instructions to unlawful assemblies or to deliver critical emergency information (such as evacuation instructions) to large crowds.	LRADs can only be deployed in accordance with all applicable laws and department policies governing use of force and first amendment events, and never as an acoustical weapon. While the La Mesa Police Department does not possess an LRAD, it is anticipated that one could be borrowed from another agency for use at an event in La Mesa. In such an event, only specially trained La Mesa Special Response Team operators would be authorized to deploy the LRAD.	N/A	N/A
30	Category 10/ Specialized Firearms and Ammunition	Heckler and Koch MP5 40 Cal.	This is a submachine gun firearm, capable of accurately stopping an armed subject at various distances. It is a lightweight, magazine fed, shoulder fired weapon, designed for semi-automatic, selective fire (full auto).	5	The Heckler and Koch MP5 is capable of firing a 40 cal. projectile bullet. Ammunition: Speer LE Gold Dot .223 Rem. 62 grain cartridge.	Cost per unit/ \$1700	This firearm is only authorized for use by specially trained La Mesa Police Special Response Team operators and officers in situations where lethal force is authorized by law and department policy.	Only specially trained La Mesa Police operators and officers are authorized to use this weapon. Required training includes: CA POST certified rifle course, and regular qualifications as required by law and department policy.	No expiration / no longer in production as of 2001 and will not be replaced when it becomes unserviceable.	None
31	Category 10/ Specialized Firearms and Ammunition	Heckler and Koch MP5 9mm	This is a submachine gun firearm, capable of accurately stopping an armed subject at various distances. It is a lightweight, magazine fed, shoulder fired weapon, designed for semi-automatic, selective fire (full auto).	2	The Heckler and Koch MP5 is capable of firing a 9mm projectile bullet.	Cost per unit/ \$1700	This firearm is only authorized for use by specially trained La Mesa Police Special Response Team operators and officers in situations where lethal force is authorized by law and department policy.	Only specially trained La Mesa Police operators and officers are authorized to use this rifle. Required training includes: CA POST certified rifle course, and regular qualifications as required by law and department policy.	No expiration / no longer in production as of 2001 and will not be replaced when it becomes unserviceable.	None
32	Category 10/ Specialized Firearms and Ammunition	Federal 40Cal. Ammunition	40 Cal. 147 grain premium law enforcement tactical ammunition round	14,000 rounds	The Federal 40 Cal. ammunition round was the primary duty ammunition deployed during potential lethal encounters.	Cost per 1000 rounds/ \$306.00	To be used with Department issued MP5 weapons to address a threat if present or feasible. It is only deployed in situations where lethal force is authorized.	Only specially trained La Mesa Police SRT operators and officers are authorized to use this ammunition. Required training includes regular qualifications as required by law and department policy.	Until expended	None

APPENDIX A
2023 ANNUAL REPORT INVENTORY

33	Category 10/ Specialized Firearms and Ammunition	Federal 9mm Ammunition	9mm 147 grain premium law enforcement tactical ammunition round	101,000 rounds	The Federal 9mm ammunition round is the primary duty ammunition deployed during potential lethal encounters.	Cost per 1000 rounds/ \$306.00	To be used with Department issued 9mm handguns and MP5 weapons to address a threat if present or feasible. It is only deployed in situations where lethal force is authorized.	Only specially trained La Mesa Police SRT operators and officers are authorized to use this ammunition. Required training includes regular qualifications as required by law and department policy.	Until expended	None
35	Category 14/ Projectile Launch platforms and associated munitions	40mm Less Lethal Launcher	The 40mm Projectile Launcher is not a firearm. It is a less-lethal system that uses smokeless powder to deliver 40mm projectiles from a safe distance. It is a single launcher, which allows the operator to re-assess the situation after every spent munition.	6	The 40mm Less Lethal Launcher is capable of firing 40mm Kinetic Energy Munitions.	Cost per unit \$1000	The 40mm Less Lethal Launchers and Kinetic Energy Munitions are a less lethal use of force option.	Only trained La Mesa Police operators are allowed to use the 40mm Less Lethal Launcher. It is authorized for use only in situations where the use of force is authorized per Department policy, including but not limited to: to subdue dangerous and/or combative individuals to obtain a tactical advantage; protection from vicious animals; training exercises; and approved demonstrations. The 40mm Less Lethal Launcher may only be deployed to disperse any assembly, protest, or demonstration in strict accordance with AB 48 and	Appr. 15 years	The ongoing cost for munitions will vary and maintenan ce is conducted by departmen t staff.
36	Category 14/ (Bean Bag Shotgun and Bean Bag Projectile)	Remington 870	Remington 870 Bean Bag Shotgun/Shotgun that has been modified to fire less lethal projectiles consisting of a tear shaped bag filled with #9 shot and has a weight of 1.4 ounces.	15	The Bean Bag Shotgun is capable of firing a less lethal projectile with an effective range of approximately 5-20 yards.	Cost per unit \$625.95	The Bean Bag Shotgun and bean bag projectile are a less lethal use of force option.	Only La Mesa Police officers who are trained on the use of the Bean Bag Shotgun are authorized to deploy it. It is authorized for use only in situations where the use of force is authorized per Department policy, including but not limited to: to subdue dangerous and/or combative individuals to obtain a tactical advantage; protection from vicious animals; training exercises; and approved demonstrations. The Bean Bag Shotgun may only be deployed to disperse any assembly, protest, or demonstration in strict accordance with AB 48 and Department policy.	No Expiration	None
